Why not contact the
STUDENT ORGANIZATION LEADERSHIP CONSULTANTS?

The leadership consultants are a group of students who have received advanced training in leadership and group development. As a group, we believe that the student organization experience is a stepping stone for individuals, as active members of the university, to become functional and aware leaders in their future career, community, and family lives.

OUR MISSION IS TO PROMOTE AND USE PEER LEADERSHIP
BY HELPING GROUPS, ORGANIZATIONS, AND TEAMS
EFFECTIVELY AND EFFICIENTLY ACHIEVE THEIR DESIRED GOALS.

We help student organizations by:

• Planning/facilitating individually designed workshops and retreats.
• Mentoring, counseling, consulting with student groups, organizations, and teams.
• Teaching relevant organizational and developmental concepts and skills in order to improve organization effectiveness and to enable organizations to develop and define group mission, values, and goals.
• Attending the monthly President’s Meetings and providing relevant, timely information about effective/efficient organizations.

About our services:

• Groups can be helped with anything from a long meeting (2-3 hours) to a two-day, overnight retreat—it depends on the group and what the members want to accomplish.
• All arrangements are made by and paid for by the SOLC. Services are free to groups.
• It takes at least 3 weeks to plan a retreat, and our nights and weekends fill up quickly, so please contact us as early as you can.
• You don’t have to be a recognized student group to use our services, any group, club, or team can work with us.
• Once you have contacted us, a team of SOLC will be formed and they will work individually with a representative from each group in order to identify the services desired. Together, we will identify the goals and objectives to be incorporated in the workshop or retreat.
• Each group has its own specific needs and desired areas of improvement and we will do our best to design programs that are suitable for the specific group. As a result, each organization will have a unique experience when working with the Student Organization Leadership Consultants.
